

# GLOBAL COORDINATOR TRAINING

## International education is no longer optional.

Today's learners will live and work in an interconnected world, and Educational Service Agencies are uniquely positioned to extend those global opportunities to districts, educators, and students.

### Program Overview

#### Blended Learning

Virtual meetings, online modules, and in-person simulations.

#### Training Tour

Puts leaders on the ground, turning global theory into action.

#### Certification

Earn the AESA Global Coordinator designation.

### Train to Globally Lead

The AESA Global Coordinator Training program is built for individuals ready to lead global engagement within their ESA.

Grounded in the AESA Global Education Operations Curriculum (2025), the program builds competency in:

- Cultural Intelligence (CQ)
- International negotiation strategy
- Ethical risk frameworks
- Market entry planning
- Cross-cultural leadership
- Strategic partnership development

***We do not offer just travel experiences.  
We build professional capacity.***

### Our Promise

AESA Global prepares education leaders to operate ethically, strategically, and competently in international education markets.
